<i>Research Associate</i>	2017–2019						
<i>Consultant</i>	2016–2017						
<i>Research Intern</i>	December 2014–June 2015						

- The project aimed at incorporating community and policymaker priorities to chart a path for a larger project that aimed at mainstreaming sustainable development in Small Island Developing States
- **Co-Principal Investigator at TERI:** Country Table Engagement - Collaborative Adaptation Research Initiative in Africa and Asia (CARIAA), 2017-2018
 - Synthesized regional findings from 7 Indian states on vulnerability and adaptation to climate change with an aim to mainstream it into decision-making
 - Led a collaboration with the Sustainable Development Mountain Summit 2017 which brought together policymakers and politicians from mountain states in India to discuss mainstreaming climate action and identifying co-benefits
 - Developed policy briefs that communicated the key findings on regional vulnerability and adaptation to climate change, and were disseminated to relevant stakeholders through a high-level policy dialogue

Indian Institute for Human Settlements (IIHS), India

Research Intern

July 2015–October 2015

- **Team member:** Adaptation at Scale in Semi-Arid Regions (ASSAR) – Collaborative Adaptation Research Initiative in Africa and Asia (CARIAA), 2015
 - Led work on secondary literature research on maladaptation to climate change. My work contributed to the development of a research paper on maladaptation in India.

TERI School of Advanced Studies, New Delhi, India

Summer Intern

May 2014–July 2014

- **Team member:** Climate Change Innovation Programmes’ (CCIP) Scoping Study on State Action Plans on Climate Change (SAPCC), 2014
 - Conducted research on state-level institutional strengths and weaknesses in the implementation of state climate change action plans in India.
